

REMARKS

Claims 1-28 are pending, and Claims 29-56 have been withdrawn from consideration. Reconsideration and allowance are respectfully requested in light of the following remarks.

Restriction Requirement

1. *Combination/Subcombination*

Claims 1-56 stand restricted under 35 U.S.C. § 121 and MPEP § 806.05(c). The Examiner identified four (4) groups of Claims, Group I (Claims 1-28), Group II (Claims 29-40), Group III (Claims 41-45), and Group IV (Claims 55-56). Applicant elects the Claims of Group I (Claims 1-28), drawn to a an iodine injection system, classified in Class 239, Subclass 418 to prosecute in the present Application as required by the Examiner.

2. *Genus/Species*

The Application stands restricted under 35 U.S.C. § 121 and MPEP § 809.02(a). The Examiner identified three (3) species: Species A (Figures 1-3); Species B (Figure 4); and Species C (Figure 5). However, Applicant believes that Claims 1 is generic to all species. Accordingly, Applicant conditionally elects Species A (Figures 1-3), which Claims 1-28 read upon, to prosecute in the present Application as required by the Examiner, and Applicant reserves the right to reintroduce Species B and Species C if any generic claim is determined to be in condition for allowance.

CONCLUSION

Applicant do not believe that any fees are due; however, in the event that any fees are due, the Commissioner is hereby authorized to charge any required fees due (other than issue fees), and to credit any overpayment made, in connection with the filing of this paper to Deposit Account 50-2180 of Storm LLP.

Should the Examiner require any further clarification to place this application in condition for allowance, the Examiner is invited to telephone the undersigned at the number listed below.

Respectfully submitted,

Storm LLP
